Description

Trottola is a new collection of suspension and table lights whose shape elicits memories of a popular childhood toy – the spinning top. The aesthetics of the design are carried on an enchanting luminance that passes through an opal diffuser and opaline glass to reveal a playful contrast of shadows and light.

Tech. description

The light comprises a dural fixture with LED module, a fixture cover, and a glass shade attached to the fixture with three set screws. The light is connected to the power cable via a BROKIS connector. The power cable is fitted with an electronic dimmer for adjustment of the intensity and colour temperature of the light (tunable white).
