## hewn series

### Installation instructions

### Instructions d'installation

LED, 120-277V, 50/60HZ, 0-10v dimming to 1%  
(see spec sheet for additional details)

Instructions applicable for all Hewn fixture sizes & features

Instructions applicables pour toutes les tailles et caractéristiques  
des appareils Hewn

English

## Warnings

- Consult a licensed electrician before wiring to the ceiling.
- Install in a location that has plenty of room around the light.
- Keep away from direct sunlight.
- Maintain at least 12in (31cm) between the lamp and canopy.

## Before installing

**Disconnect power:** Use voltmeter to verify that there is no voltage present on the switch wire.

**Tip:** Hang a card in the fuse box so no one accidentally turns on the power.

Check with a cable locator if there are no electrical lines running through the spot where you want to drill. Otherwise there can be a risk of short circuits.

Français

## Avertissement

- Consulter un électricien agréé avant de câbler au plafond.
- Installer dans un endroit qui a beaucoup d'espace autour de la lumière.
- Tenir à l'écart de la lumière directe du soleil.
- Maintenir au moins 31 cm entre la lampe et la canopée.

## Avant l'installation

**Déconnecter l'alimentation:** Vérifier à l'aide d'un testeur que le courant est bien coupé en sortie des fils d'alimentation.

**Astuce:** Accrocher une carte dans la boîte à disjoncteur divisionnaire afin que personne n'allume accidentellement le courant.

Vérifier avec un localisateur de câble s'il n'y a pas de fils électriques qui traversent l'endroit où vous voulez percer. Sinon, il peut y avoir un risque de court-circuit.
