with recessed housing

OPTIONAL, (ORDER SEPARATELY)
recessed housing

DIMENSIONS

MOUNTING INSTRUCTION

- Remove the protective foam inside of the CHART. Make sure to screw the screws back on, crosswise, to ensure IP67.
- Make a hole in the ground according to the prescribed dimensions (of the recessed housing).
- Drainage: we recommend that all exterior groundspots should be installed with a drainage level even when using a recessed housing.

POWER CONNECTION

- Exterior: WATERPROOF Connection

Remark: Do not open or cut off the Water Stopper on cable.

- MOUNTING WITH RECESSED HOUSING**

Use the bolts and the nuts to attach the CHART to the recessed housing

Caution, risk of electric shock
The light source of the integrated LED is not replaceable; When the light source reaches its end of life the whole luminaire shall be replaced.

85 The CHART 0.6 has an auto-recovery thermal fuse. In order to avoid product early failure in some extreme condition; if the internal components reach a temperature of 85 C, the product will switch off and then restart when cooling down.
