MOUNTING INSTRUCTION

- ① Make a hole in the ceiling according to the prescribed dimensions. The plaster kit is always needed.
- ② Insert the plaster kit through the ceiling hole under an angle. Fix the plaster kit with screws through the ceiling plates aiming in the perforated area. Plaster the borders seamlessly.

POWER CONNECTION

- ③ SERIAL CONNECTION - for LED

Always use a power supply according to the specifications of the LED module.

- ④ Insert the housing in the installed plaster kit and lock the LED module into the housing by a quarter turn.
